

The course evaluation questions that follow were chosen in collaboration between students and faculty. Be assured that no identifying information will accompany the reports.

Your responses will provide valuable feedback to both instructors and departments, and your candid appraisal is very much appreciated. As a stakeholder in the Columbia University community, completing these evaluations serves as an important service to both current and future students. However, should you choose not to complete this evaluation you may do so by clicking on the "Opt-Out" button to the right.

Once you have completed the survey, or opted-out, your finals grades for that course will be available after a 24 hour period via SSOL.
